attn. Dr. Robert F. Gertenbach
President
900 Third Avenue
New York, N.Y. 10022
USA

Dear Dr. Gertenbach,

Enclosed please find a short report on the Gordon Conference on Phagocytes which your agency supported with a generous grant.

If you need further details on any of the points of the enclosed report, please let me know, and I will supply the further information without delay.

At the conference I had the pleasure to meet Dr. Lisanti from your organization. He may be able to give you a first-hand report on the conference which - as far as I can judge - was a success both scientifically and in terms of personal exchange.

With best regards.

Yours sincerely,

M. Baggiolini

Enclosure
